Communication & Soft Skills

Name of Activity	Communication & Soft Skills
Resource Person	Dr. Shrimangle M.D
Date	17-02-2023

A special lecture on Communication & Soft Skills was organized on 17-02-2023 by Dept. of English. **Dr. Shirmangale M.D** from Vasantao Kale Mahavidyalaya, Dhoki was invited as a Chief Guest for the program. He quoted W. B. Yeats "Think like a wise man but communicate in the language of the people." Further he stated that Having knowledge, i.e itself is not enough, we need to communicate it to others effectively. In fact effective communication is one of the keys to success. By successfully getting our message across, we convey our thoughts and ideas effectively. The message is the information that we want to communicate. It is essential to be technically sound, but we should also have the ability to express and communicate our ideas clearly and effectively to others in the simplest possible manner. Effective communication and soft skills not only improve our relationships with others, but they also improve our efficiency. Dr. Gambhire P.U & Dr. Kazi Z.A were present for the program, Dr. Gambhire proposed vote of thanks.

Outcome- Students became aware of the importance of communication skills for their professional career. Many students asked the guest regarding how to improvement in communication.

Intellectual Property Rights

Name of Activity	Intellectual Property Rights
Resource Person	Prof. Surykant Jogdand
Date	03-03-2023
Participants	32

IQAC & Dept. of English jointly organized a guest lecture on Intellectual Property Rights on 03-03-2023. **Prof. Surykant Jogdand** was invited as a Chief Guest for the program. The students were informed what is IPR ?. Prof. Surykant Jogdand informed the students about Intellectual property (IP) pertains to any original creation of the human intellect such as artistic, literary, technical, or scientific creation. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time.[1] These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time. It is very well settled that IP play a vital role in the modern economy. It has also been conclusively established that the intellectual labor associated with the innovation should be given due importance so that public good emanates from it. Dr. Shaikh A. I proposed vote of thanks.

Outcome- Students were taught on how IPR restricts copying others ideas and how this will help the development of new ideas for the betterment of the society. Students learnt how IPR provides total control over a new innovation and its creator. They were also given a platform to discuss how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all the classes of individuals in the society.
