About College

Sharadchandra Mahavidyalaya, Shiradhon (Arts) is a grant in aid, co-educational minority Status College and affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. The college established in June-2001 by

Hon'ble Founder President **Shri. Shaikh Nawaboddin Bashamiya**, to cater the needs of rural student especially to under privileged students from rural, earthquake affected are a sand economically backward classes.

Our college has been constantly attempting not only to provide a mere formal education or just create a graduates but also it has been stressing to inculcate ethical values, values of life, social awareness for arising the feeling of national integration and social consciousness. We all teachers not only offer the victuals of knowledge and intelligence to students but also we offer love, affection and faith to them and we consistently try to uplift them to the door of their highest apex of success and satisfaction. The college aims at the versatile development of the students through the ethical, intellectual, physical and cultural values.

Dear Colleagues,

It gives us an immense pleasure to invite and welcome you to participate in the One Day Multidisciplinary International e-Conference On "***Physical and Human Dimensions of Environment, Climate Change and Sustainable Development***" organized by Dept. of Geography and Internal Quality Assurance Cell of our College and your esteem presence is cordially solicited.

Global environmental change affects all societies and their environments at various spatial and temporal scales. The linking of natural ecosystems to social ones is of central importance for the analysis, mitigation of an adaptation to any action or issue related to sustainability and global change. When examining the human dimensions of environmental change, the study of ecosystem services illustrates the strong interlink ages existing between both socio-ecological systems and global change. Ecosystem services are inextricably linked to human well-being and play a central role in sustainable adaptation strategies. Environmental impact of global change can both add to social vulnerability and change resilience by altering the supply of ecosystem services and the trade-offs which can occur. It is when examining such phenomena that the importance and abilities of governance systems to shape change and responses are seen. Although many social scientists thus came to study the social determinants and consequences of environmental change, they were even more unprepared to incorporate global changes in the scope of their work. The problems of global warming and the rise in sea levels, in particular, were remote from social science concerns, occurring on temporal and spatial scales which their research paradigms did not contemplate. And unlike environ-mental issues in general, global change did not at first generate socio-political movements which commanded their attention. The early calls for social science involvement came from physical scientists who clearly saw that human activity was responsible for the acceleration of changes

And unlike environ-mental issues in general, global change did not at first generate socio-political movements which commanded their attention. The early calls for social science involvement came from physical scientists who clearly saw that human activity was responsible for the acceleration of changes

observed in world climate. It would be necessary to engage social scientists in these efforts if current trends were to be modified. The challenges of inter and multi-disciplinary research, always stretching the vision – and often the patience – of “normal” scientists, are considerably amplified when collaboration seeks to bridge the gap between natural and social science.

Report

Sharadchandra Mahavidyalaya, Shiradhon & ICICI Bank Osmanabad collaboratively organized **Financial Literacy & Awareness** program on 10-02-2023. Financial literacy is the ability to understand and effectively use various financial skills, including personal financial management, budgeting, and investing. Mr. Sanjay Kulkarni from ICIC bank was the resource person for this program. He said that When you are financially literate, you have the essential foundations of a smart relationship with money that will start a lifelong journey of learning about the financial aspects of your life. The earlier you start; the better off you'll be, because education is the key to success when it comes to money. Dr. Sayyad A.M proposed vote of thanks.

Outcome-Financial literacy programs have been found to have a positive impact on college students' financial decision-making. Open dialogue and communication within families regarding financial matters can encourage the transmission of knowledge and a willingness to seek information when needed, leading to stronger financial literacy among individuals. Incorporating and facilitating conversation around financial matters in financial education programs can enhance their pedagogical usefulness.

Report

A special lecture on **Communication & Soft Skills** was organized on 17-02-2023 by Dept. of English. Dr. Shirmangale M.D from Vasantrya Kale Mahavidyalaya, Dhoki was invited as a Chief Guest for the program. He quoted W. B. Yeats "Think like a wise man but communicate in the language of the people." Further he stated that Having knowledge, i.e itself is not enough, we need to communicate it to others effectively. In fact effective communication is one of the keys to success. By successfully getting our message across, we convey our thoughts and ideas effectively. The message is the information that we want to communicate. It is essential to be technically sound, but we should also have the ability to express and communicate our ideas clearly and effectively to others in the simplest possible manner. Effective communication and soft skills not only improve our relationships with others, but they also improve our efficiency. Dr. Gambhire P.U & Dr. Kazi Z.A were present for the program, Dr. Gambhire proposed vote of thanks.

Outcome- Students became aware of the importance of communication skills for their professional career. Many students asked the guest regarding how to improvement in communication.

Report

IQAC & Dept. of English jointly organized a guest lecture on **Intellectual Property Rights** on 03-03-2023. Prof. Surykant Jogdand was invited as a Chief Guest for the program. The students were informed what is IPR ?. Prof. Surykant Jogdand informed the students about Intellectual property (IP) pertains to any original creation of the human intellect such as artistic, literary, technical, or scientific creation. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time.[1] These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time. It is very well settled that IP play a vital role in the modern economy. It has also been conclusively established that the intellectual labor associated with the innovation should be given due importance so that public good emanates from it. Dr. Shaikh A. I proposed vote of thanks.

Outcome- Students were taught on how IPR restricts copying others ideas and how this will help the development of new ideas for the betterment of the society. Students learnt how IPR provides total control over a new innovation and its creator. They were also given a platform to discuss how small innovations influence societies at large and how they

Report

Dept. of Hindi organized **World Hindi Day** on 10-01-2023. The Hindi Diwas is used to spread awareness about the use of the Indian language as well as the ongoing issues with Hindi usage and promotion. It also places a strong emphasis on developing a passion for the language and valuing the contributions of Hindi speakers. Dr. Alte & Dr. Patel were invited as chief guests for the program. Dr. Patel gave brief history about celebration of International Hindi Day. Hindi speakers around the world began to celebrate the language and its culture, and the first World Hindi Day was celebrated in 2006. The day was celebrated for the first time under the instructions of former Prime Minister Dr Manmohan Singh.

Outcome-The event's highlights included active participation from students, fostering a sense of enthusiasm and unity. It provided a platform for students to express themselves in Hindi, emphasizing its importance.
