E- Waste Management

Sharadchandra Mahavidyalaya, Shiradhon is having Arts faculty in the campus. Hazardous waste disposal is in active mode in college campus, so that college campus is free from e- waste. Electronic waste or E- Waste is describes discarded electrical or electronic devices. It contains many toxic and hazardous ingredients. Such as heavy metals like lead, cadmium and Mercury, PCB, BFRs have the potential to cause environmental pollution and pose health hazards when processed, recycled or disposed of. Our Mahavidyalaya is working towards generating minimal e-waste by reusing it. Regular maintenance of electronic equipment and computers ensures longer life. E-waste room is provided for the collection of the e-waste generated in college campus, which is given to the authorized agency for recycling and disposal. All the miscellaneous e-waste such as CDs, non-working laboratory equipment, computers, monitors, printers, batteries, fluorescent bulbs, and electronic items are collected from every department and office and delivered for safe disposal. Useful parts of electronic gadgets like hard dist. CPU Monitors, mobile phone chargers, CD drive etc. have been removed from the old computers for reuse. After suitable time, the same is handed over to the authorized hazardous waste collection.

We have MOU with **Shri Ganesh Computers Sales & Services, Kallam** who personally visits our college time to time to repair and maintain electronic equipment. The Institution is working on „use repair and reuse of electronic equipment“ and spares. Old monitors and CPUs are repaired by technicians. At the end spare parts when its usefulness comes to an end those are discarded, donated or given to recycling. However, "e-waste" is the generally used EPA considers e-

waste to be a subset of used electronics and recognizes the natural value of these materials E- Waste Management that might end up in a landfill or reprehensively disposed in a protected dump site.

Empty toners, cartridges, outdated computers and electronic items are given to **Shri Ganesh Computers Sales & Services, Kallam** and insured their safe recycling. Solving the E-waste Problem is a multi-stakeholder initiative and a global platform addressing the e-waste problem. Our aim is to develop scientific methods for e-waste issues within own organization and provide global, objective and scientifically-based information relevant to addressing the global problem of e-waste.
