CRITERIA VII

7.1.2 The Institution has facilities and initiatives for

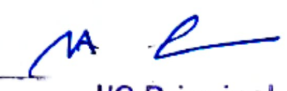

2. Management of the various types of degradable and non-degradable waste

Solid waste generation and its management is a flaming problem in the all over world. Rate of generation of solid waste is very high and however, we do not have satisfactory technology to manage the generated waste. Solid waste refers to all non-liquid waste. Solid waste can create significant health problems and a very unpleasant living environment if not disposed of safely and appropriately. Thus, it is essential to manage the solid waste appropriately to reduce the load on waste management system. Students and faculty regularly advised to reduce waste at lower extent. The faculty constantly advises the students to reduce waste and cleanliness boards are placed in the premises and the faculty imparts cleanliness messages to the students through every program.

The solid waste is regularly collected by the **Gram Panchayat**. Garden waste & Kitchen waste from the canteen as well as different corners of the college, Dry waste mainly leaves litter is allowed to decompose systematically over a period. The collected waste is collected in pits in the college premises and after decomposition, its manure is fed to the trees in the college premises. The College has constituted an **Environmental Advisory committee** for it. The committee sets out to identify the types of waste, category of waste, how to collect handle and dispose. Primarily dry waste is collected in dust bins kept in the corners of college.

The college has also signed **MOU** with plastic recycling industry to recycle the unavoidable plastic materials found in the campus.

विषय: कचरा गाडी (घंटागाडी) महाविद्यालयात पाठवणे बाबत.

महोदय,

वरील विषयी विनंती करण्यात येते की, भारत स्वच्छता अभियानांतर्गत महाविद्यालयातील ओला व सुका कचऱ्याचे योग्य व्यवस्थापन करण्यासाठी आपली घंटागाडी महाविद्यालयात पाठवून सहकार्य करावे. ही विनंती.
